Mr. Abhishek Ram:

NDIM gave us an opportunity to connect with professional from Industry. We are thankful to Abhishek sir also gave us a clarity on the role of HR in an organization and how HR is a thankless job. He gave us an insight into how HR is changing and what all we need to do to compete in this challenging environment. He discussed about our strengths, weaknesses, threats and opportunities. He also told us to plan and think about which HR vertical we think we can go for and why. Abhishek sir discussed in detail about the various qualities and skills associated with each one of the verticals and why we should or shouldn’t opt for it. This gave us a clarity about the various departments within HR and propelled us to think about the vertical we want to work in. Then again after identifying the best fit for ourselves, he asked us to repeat the SWOT analysis keeping in mind the various skills and opportunities in that particular department. Also, he asked us to choose an industry we would want to work in and our dream companies.

He is a registered Director with Ministry of Corporate Affairs.

Mr. Dong Sung Pak:

“We were fortunate enough to get Hyosung as our mentoring company. The most important highlight was that our mentoring program was scheduled with Mr. Dong-Sung Pak, CEO & MD, HYOSUNG as very few people get the chance to meet with the CEO of the company directly. We were a group of five students, and it was a great experience for all of us. We met and discussed about the Hyosung’s working structure and the areas in which Hyosung deals. Mr. Pak thoroughly told us about the logistics department of the company and we learned that Hyosung directly delivers the finished product to the client. Hyosung does not keep any inventory. It was a great learning opportunity for all of us and we learned a lot. The exposure we got would be beneficial for us in the coming future.”

Mr. Inbarajan P:
We had our mentoring session with Mr. Inbarajan, Sr. VP at Infoedge, Noida. We discussed regarding our career goals and the need for aspirations in life. He started off with the skills a recruiter looks for in a candidate and discussed some obvious questions a recruiter might ask and how to tackle such questions. He asked us to communicate truth about ourselves to the recruiter and not falsify even if it ends up in not getting a job. This is beneficial in the long run for both the organization as well as for ourselves not to deceive each other. He also enlightened us regarding the mistakes a candidate does when it come to handling stresses, as well as technical questions in interviews. Mr. Inbarajan told that Indians are very aspirational and we must keep ourselves going forward always. He has asked us to work on our “elevator pitch” which is a short description of a product, organization or an individual that explains the concept in such a way that any listener can understand it in a short span of time. The main intent is to create a demand for the product or an individual and making a mark on the other person. The pitch should be interesting and memorable.

She has been instrumental in developing the people for the growing organization along with setting up the human resource policies and processes.

Ms. Medhavi Saxena:
Our mentor Ms. Medhavi Saxena, Associate HR, Jindal Stainless Steels gave us a gist about the recruitment process followed in any organization which also differs according to the organizational structure. Recruitment process begins with on board on the job training performance review gaps [Training Need Identification] Trainings Performance review performance appraisal. Being an Associate HR herself, our mentor specializes in Talent acquisition and Training and Development. Therefore, a brief knowledge about the same was given which we found to be similar to our subject TAD and HRM. Hence the knowledge she shared was found to be useful as we were able to link our studies with mentorship program. Few HR key terms like KRA {KEY Result Areas}, TNA [Training Need Identification] were explained. Overall it was a good experience to be a part of this mentorship under the guidance of Ms. Medhavi and looking forward to develop HR skills and to modify ourselves.

Ms. Neha Gulati:

All our sessions with our mentor were about life and how to achieve our targets, our goals by keeping a good balance in our life. She brought incredible insight, balanced perspectives and at the same time taught us how to challenge ourselves at all the right times to push ourselves that much harder to achieve our ambitions in life. She taught us that money isn’t important in our lives neither it can make or break our lives but the things that are the most important and essential are Family, Values, Time, Honesty, All must be treated with care and respect so as to make your life free from regrets. We have found her advice regarding life as a great help which we will be implementing at our work place as well as in our personal life.

Ms. Neeru Khanna:
We did our mentoring session with Ms. Neeru Khanna. After the introduction round she helped us in clearing our confusion in choosing our 2nd specialization and cleared our doubts related to other. She even shared of her life experiences examples that how she started her career and what all problems she faced when she entered in the corporate world. In addition to this she talked about every specialization and the scope in today’s corporate world. She guided us about what should we keep in mind during our placements and how should we do a proper research before sitting for any company and its job requirement. She told before we look up for any company we should always be clear about the job profile while its coming for and are we capable for that profile. She even told that it’s not always the brand which works even small companies can give us exposer and we can get to learn so much there this may lack in big companies. She even suggested to visit firms talk to employees there and look how that are working and take the view related to their field. Hence, by her guidance we are very much clear about what we have to opt as our specialization and how will we have to work on it to achieve our goals.

“NDIM is known for its over the top efforts to bring the students close to achieving their career’s perspectives. Mentoring Program was one such initiative which helped us in achieving the same. Our industry mentor was Samrana Rao; she is a Head HR at Accretive Health. She provided us with great insights about the industry and helped us to find the right set of skills to harness for our future goals. She taught us never to say ‘NO’ to any challenges and even if you fail, celebrate it as it teaches you how to do it again in a better manner. She is an exceptionally good human being, she taught us the complex politics of the corporate world is just temporary, but our hard work is permanent and that only this will bring recognition for us in long run. At this stage of life when we all are in dilemma about our career, she answered all our questions and helps us to move in a better direction and that too with mental peace. Such type of programs should be encouraged in college as per our opinion”.

Mr. Siddhant Bhansali:
“NDIM has a very unique concept of enriching a student’s PGDM experience, which is through “mentoring” wherein the students are connected to the industry professionals, so that they could be aware of the reality which exists in the Corporate Industry. We got this opportunity from college itself. Our industry mentor was Mr. Siddhant Bhansali from Dailyobjects.com. He was very experienced and gave us lot of knowledge about the industry and corporate culture, and how you should get over with the obstacles that you face in your journey and be more confident while you face anything in your professional life. He made us understand about the corporate culture and asked our interests for the future jobs and gave us great knowledge about that profile. He motivated us and helped in building confidence in us. This experience was really very great and we learned a lot about the corporate world and got the opportunity to get connected with the person who was already in corporate industry.

Ms. Thawani is an accomplished professional with extensive senior leadership and Boardroom experience. She has 25 years of rich legal experience with the Tata Group.

Her professional journey started with Supreme Court but came to a halt within a year after marriage due to relocation. Inspite of a 12 years break during which she was a housewife and raised two children, she made a successful come back with Tata Steel for a second career. In her last ten years of service, she headed the legal dept of JUSCO, a Tata Enterprise & 100% subsidiary of Tata Steel.

Her passion & dream to create women leaders has led to the creation of “FULL CIRCLE”

Ms. Sunita Thawani:
Our Corporate mentor, Ms. Sunita Thawani, insisted on adding details that our resume didn’t already cover like what we love, what drives us to be living and also why we choose what we choose as our specialization. Her passions ranged from travelling to music and that’s when she told us that having a passion that drives us is important. She also told us about her journey from a lawyer to a housewife and back to corporate career after a long break. That was when she advised us to be always open to new opportunities as we wouldn’t know where it will land us. Also to ask as many questions as possible, as not only it will open our horizon to newer things but they will keep us intrigued about life. She told us about her own mentor and the role she played in her life. She started Full Circle after her retirement, which was her dream to work for ‘Gender equality’ in workspace. She also mentioned about her upcoming event on Stereotype for men in order to understand how youth feels about topics and events like these...

Full circle has been started in partnership between Mrs. Sunita Thawani & Suresh Thawani with objectives of (i) getting women back in work after break (ii) educating organisations on provisions of Sexual harassment act (iii) promote gender diversity in the organisations (iv) Executive Coaching(v) Undertake implementation of Employee Engagement in the organization.

Mr. Suresh Thawani:
During our meeting with our mentor Mr. Thawani, he gave his brief introduction about his educational qualifications and job experiences. He told us that to succeed in life we should always take help of others and even help others to achieve their goal. He shared two theories about how to live life : one was relating to the wheel. He told us that the invention of wheel was one of the greatest invention as wheel teaches us to move forward in life with the help of others and the second theory was about the rock that breaks from the mountain and falls in the Gangotri river. The journey of some rock ends very soon whereas some rock floats far away in the end they are worshiped by people in the name of God. So from the theory we learnt that one should not give up in their life at any moment and should perform each and every work with more energy and enthusiasm. He asked us to write down daily task in a diary and complete it within the same day and not extend it to next day as this will help us to save time to do other work.

Mentees: Ishant Hans, Ramjeet Adhikary, Saumya Shah, Kritika Juneja, Shivam Sharma, Shruti Lakhtakia

Mr. Vikas Sikand

Corporate Mentor

CEO

DAV’s Priya Food Creation Pvt. Ltd.

Postgraduate PGDBM in Systems & Finance from IMT, Ghaziabad and B.Tech. in Electrical Engineering from NIT, Kurukshetra

25+ years of experience in Transformation through IT / Technology.

Proven track record of leading team for successfully delivery of complex IT projects of 100m$ plus & managing transformation of enterprise, impacting many employees and large customers, multiple HW & SW partners.

Other Organizations worked at: HCL Computers, Zenith Computers, AT&T India, DCM Technologies, Nortel Networks, Tata Consultancy services, Tech Mahindra, and HCL Infosystems Ltd.

Mr. Vikram Garg:

“Thank you for the opportunity of providing us with the mentoring sessions in HCL under Mr. Vikram Garg. All the mentoring sessions organized, apart from theoretical and practical exposure in campus, were the great opportunities to learn about the latest technologies, implication of advanced technology in present era. Moreover healthy group discussions during the sessions helped us a lot in improving our communication skills and enhancing our confidence level. Thank you for the opportunity once again”.

Mentees: Saurabh Jaitly, Arun Makhija, Juhi Iyantika and Tanvi Sharma
Mr. Sharma carries 20 years of experience including running P&Ls, leading sales and marketing teams, and setting up new digital and services businesses. Worked with consumer, IT/Telecom and education sectors.
He is an alumnus of IIM Calcutta with BE in Electronics.

Mr. Vinay Sharma:
We are very grateful to our mentor Mr. Vinay Kumar. He explained very well the importance of setting a SMART goal as without being specific you can’t focus your energy on one direction, and it should be measurable as if you can’t actually measure your performance in some figures then you won’t be able to evaluate it and hence will fail in improving it, your goal must be attainable or we can say realistic and practical as this depicts your sincerity towards the goal and makes it achievable, goal must also be relevant as making a directly related goal to your passion or purpose helps you in fulfilling your various long term goals and also saves efforts and time, and last but not the least, goal must be time bound as unless and until we decide a time period for our goal, we don’t become serious towards it and also be less disciplined and will be unable to complete it in optimum time period, as a time-bound long term goal helps us in setting various short term goals effectively. Sir also told us about few habits that could help us become an effective and good leader in lives, first habit was reading newspaper in the morning as it helps in keeping a person updates and gives you a picture of the world around you and awareness is very important in taking good decisions. Another habit was reading books, sir told us books can change your way of thinking and evolve you as a person as you learn from others experiences. He recommended us few books- emotional intelligence, seven habits of highly effective people, how do you win friends and influence people.
Mentees: Ayush Kumar, Kalika Hada, Muskan Mehrotra, Pratyusha Singh, Shivani Thakur, Shubham Chakraborty, Shubham Mandal

Mr. Vineet Gupta:
“Mr. Vineet Gupta, General Manager Eli lilly, Company- a well experienced recruiter helped us in clearing the obstacles we faced while preparing for the placement process and tips during the process. Firstly, he talked about the fact that the recruiter is here for us and to have faith in oneself is very important. Then he suggested not worrying when we are unable to answer some questions, it is all right, if we cannot know everything by studying MBA for only 2 years. Most importantly he advised us to enjoy instead of studying on the day before the placement process. This alleviates huge amount of tension and worry and increases confidence which made us bag the placements in companies of our choice”.
Mentees: Mohit Pathania, Vikas Tomar, Anuj Das and Tara Prasad
Vinita Garg  
Corporate Mentor  
Sr. Manager - HR  
Shriram Pistons & Rings Ltd.

Postgraduate (PGDCS) in Information Technology, she has 25+ years of rich experience  
She is a hardcore HR professional who is result oriented.  
She has been greatly recognized for her practical HR skills and training acumen.

Mrs. Vinita Garg:  
“Mentoring program is a constructive and progressive initiative taken by NDIM.  
Our mentor during the Mentoring sessions was Mrs. Vinita Garg, HR Head in Shriram Pistons. She is a very hard working and clear visioned person. She shared her experiences with us and all steps that have taken her to this position. She guided us on how to mould ourselves to become the best in the industry. She shared a lot of instances which happened with her during her career and told us how she tackled them. Her experiences were like case studies for us. In every meeting, she used to make sure that we are comfortable with her. She was a very supportive person and we learnt a lot from her we are very glad to be a part of Mentoring Program at NDIM.
Mentees: Anurag Gupta, Garima Pabla and Kanishka Arora

Vivek Gupta  
Corporate Mentor  
Co-Founder and CEO  
Storecheq

He holds an Engineering degree in Electronics and Communications and is an alumni of International Business Programme of IIM, Calcutta.  
After spending around 20 years in the corporate world, Vivek co-founded “Storecheq” a concept which takes out the gifting stress from all of us. “Storecheq” is a Fintech company, a new currency of gifting. It is a very simple way of gifting, which is trusted, acceptable, gives freedom of choice and delight to the givers and the receivers.

He is also the founding member of “Inspired Talks”

Other organizations where he earlier worked includes Comviva Technologies Limited and Tech Mahindra

Mr. Vivek Gupta:  
Our Mentor helped us to enhance our team building skills, knowledge about financial products and improve our communication skills. We also got a chance to clear our doubts about the corporate world and got guidance on how to crack our interviews. We learnt how to prioritize our work and he made us write about our passion. He made us introspect on our abilities connecting them to our specialization and decide on our career path. Moreover he also taught us the mantra of participating and winning in group discussions. Mr. Gupta guided us to be a strong communicator to crack personal interviews and GDs. He is a motivator in the true sense as we introspected on our skills after being trained by him.
