The IQAC is the nodal cell entrusted with the responsibility of ensuring total quality management by ushering in innovations leading to achieving excellence and adoption of intervention strategies for monitoring their successful implementation. The IQAC is aimed to develop a system for conscious, consistent and catalytic improvement in the performance of institutions.

Some of the functions expected of the IQAC Members and Coordinators are:

- Development and application of quality benchmarks/parameters for various academic and administrative activities of the institution
- To ensure effective implementation of Outcome Based Education (OBE)
- Facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process
- Arrangement for feedback response from students, parents and other stakeholders on quality-related institutional processes
- Dissemination of information on various quality parameters of higher education
- Organization of inter and intra institutional workshops, seminars on quality related themes and promotion of quality circles
- Documentation of the various programmes/activities leading to quality improvement
